Teaching OCL: OCL 2.x Course

Written by Birgit Demuth
Tuesday, 26 October 2010 12:57

This is a joint project of Joanna Chimiak Opoka (Innsbruck University) and Birgit Demuth (Technische Universität Dresden). The course consists of three parts:

- Teaching **OCL Standard Library**: First Part of an OCL 2.x Course

- (short) paper is available at the Educators Symposium 2010 (MODELS 2010 conference)

- (long) paper will be published at EASST Volume 34 (21010)
- OCL sources are available on request (please contact Joanna or Birgit)

- Teaching **Business Rules by OCL Constraints (Model Layer)**: Second Part of an OCL 2.x Course (planned)

- Teaching **Well–Formed Rules and Model Queries (Metamodel Layer)**: Third Part of an OCL 2.x Course (planned)
